TASTING NOTES

appearance	Brilliant straw yellow with golden highlights.
nose	An extraordinarily complex bouquet, full and rich. It opens up with the perception of yeasts as well as floral and tropical fruit notes that evolve harmoniously towards tertiary aromas of citrus fruit, nuts, acacia honey, white chocolate, incense and spices, underpinned by a significant mineral vein.
palate	The palate confirms the wine's extremely complex personality and great elegance. It gradually broadens into a fullness that wins over the taster and becomes as one with the fresh underlying acidity. Vitality and mellowness in perfect balance lead to a finish of amazing persistence.
